Personal Statement

A passionate individual who has been studying both computer science and business.
Being a highly adaptable, well organized and quick learner, I accomplished projects covering wide-ranged areas, including web, mobile, cloud, AR, CMS, database, gaming, etc.

Soft Skills

- Adaptability
- Collaboration
- Communication
- Creativity
- Problem Solving

Hard Skills

- Block Chain
- Cloud Computing
- Data Mining
- Data Visualization
- Database
- Deep Learning
- Digital Forensics
- Full Stack / Game / Mobile Development

Languages / Frameworks

Apache Spark, Bash, Bootstrap, C, C#, C++, CSS, Django, Git, HTML, Hadoop, jQuery, Java, JavaScript, MongoDB, MySQL, Node.js, PHP, Python, React, React Native, Redux, SCSS, TypeScript, Unity

Education

Master of Science (Computer Science)
The University of Hong Kong   2020

Bachelor of Business Administration (Information Systems)
The University of Hong Kong   2018
Second Class Honours Division One

Working Experience

Mobile App Developer, Datax Limited
(Nov 2018 – Mar 2019)

- Delivered a cross-platform mobile app using React Native, including state management, user interactions, REST APIs, etc.
- Worked iteratively towards meeting the user requirements and design specifications
- Collaborated in a project team, including project managers, UX designers and developers

Software Engineer, Whatsquare
(Jan 2017 – Dec 2017, Jun 2018 – Aug 2018)

- Developed several responsive website projects for clients, including client company's official website; and
- Developed the corresponding CMSs, which were capable to adapt to language changes and content updates
- Designed and implemented various product prototypes, i.e. WeChat Mini Program for client's event
- Produced satisfying products by working closely with clients throughout the projects and making necessary alterations
- Performed web crawling, post processed and stored the collected data into database for data mining

Frontend Web Developer, OKMAN (CCMF Program)
(Feb 2016 – Aug 2016)

- Designed and developed the relational database using MySQL
- Created a responsive UI/UX layout design of the website
- Implemented the frontend for the website using Bootstrap
- Researched and applied various libraries and frameworks
